Subject: Flock Camera placement expert
Date: Thursday, March 11, 2021 9:45:00 AM

Good Morning Commander Cohen,

I hope you are well. I am looping in Rich McElwain from our strategic deployment team. Rich spent 10 years as an officer with the Cobb County, GA PD. He helped deploy and manage their Flock system with many cameras. He is an excellent resource to help us strategize the placement of these initial 31 cameras for maximum success.

Rich, the city of Santa Maria, CA is finalizing approval for 31 cameras and is working with internal resources to determine specific locations.

I propose we connect next week to discuss some strategy and best practices. I think Rich will have some time to put together an initial strategy and learn more about the city's goals.

Commander Cohen, do you and your team have time for a 30 minute call next week? If so, what date and times work for you? I should be pretty open except Wednesday afternoon.

Best Regards,

Jesse Mund
